Merton Music
Foundation

We are Wimbledon Community Chorus and we love to sing!

We sing for fun, and perform two or three concerts a year
We even commission music especially for our choir

We have performed:

- at the Royal Albert Hall
- with Sonoro, the highly acclaimed professional choir
- with ensembles including the Central Band of the Royal British Legion and Putney & Wimbledon Brass Band
- on TV

As seen on TV with Miriam Margolyes

What our members say about being part of our choir:

"Singing gives me so much: joy, laughter and community. I know the choir has made me a better person. It's broadened my horizons and gifted me friendships that have enriched my life."

"There is something very special about coming together with like-minded people to share music and friendship"

"Wimbledon Community Chorus is much more than just a choir; it is wholly inclusive, fun and therapeutic. It increases confidence in singing with others and brings the community together"

"The choir has helped me retain my happiness and self-belief"
